TO: City Council

FROM: W.J. Milligan, Fire Chief
Fire Department

W.J. Milligan

SUBJECT: **Approval to take Project Specification FD11-03 for Fire Stations #1, #2, #3, & #6 Parking Areas Concrete & Site Repairs**

RECOMMENDATION

That City Council approve project specification # FD11-03 for replacement of degraded asphalt and concrete for Fire Stations #1, #2, #3, & #6.

DISCUSSION

This project will make repairs to four of the City's Fire Stations; #1 at 491 So. K St., #2 at 531 E. Pleasant Valley Rd., #3 at 150 Hill St., and #6 at 2601 Peninsula Rd. These stations all have deteriorated existing asphalt and concrete that needs to be completely removed and replaced with new and other site improvements to allow for better use by the City's fire equipment.

FINANCIAL IMPACT

Measure O funds in the amount of $250,000 were allocated for this project. After the bids are received and evaluated, staff will return to City Council to recommend approval to the lowest responsible bidder.

Note: Plans and specifications for FD11-03 are available for review at General Services Procurement, 1060 Pacific Avenue after 8:00 A.M. on the Monday prior to the City Council meeting.
