FROM: Sal Gonzalez, Housing Director 
SUBJECT: Public Housing Assessment System Certification

RECOMMENDATION

That the Board of Commissioners of the Housing Authority of the City of Oxnard adopt a resolution:

1. Certifying that the data contained in the Public Housing Assessment System (PHAS) Management Operations Certification Form (HUD 50072) for the fiscal year ending June 30, 2006, is accurate;
2. Directing the Housing Director to submit the certification to the U. S. Department of Housing and Urban Development (HUD).

DISCUSSION

The Board of Commissioners of the Housing Authority of the City of Oxnard is being requested to certify the accuracy of certain performance levels under the Management Assessment Sub-System (MASS) of the Public Housing Assessment System (PHAS) which the Housing Authority achieved during the fiscal year which ended on June 30, 2006. HUD uses the certification and other assessment sub-systems to assess the Housing Authority's performance under the PHAS. The maximum number of points that can be awarded under the four sub-systems is as follows:

	Points
Management Assessment Sub-System (MASS)	30
Physical Assessment Sub-System (PASS)	30
Financial Assessment Sub-System (FASS)	30
Resident Assessment Sub-System (RASS)	10
Total	100

000023

The MASS certification covers six sub-indicator areas of performance, including vacant unit turnaround time, capital fund, work orders, annual inspection of dwelling units and systems, security, and economic self-sufficiency. Additionally, there is a section which requests information on adjustments for physical condition and/or neighborhood environment. Even though HUD is requiring considerable information, the form does not show the rating that the Housing Authority will receive in each area. The RASS score is generated by HUD from a Resident Services and Satisfaction Survey that is mailed directly to a random sample of Public Housing residents, and from Authority efforts to market the survey to residents.

Based on HUD rating criteria, the Housing Authority has received the highest rating designation (High Performer) during each of the last thirteen years. Two years ago HUD changed its rating definitions and made it more difficult for public housing agencies to obtain high ratings. It is staff's view that the past year's performance for the public housing management sub-system and the performance to be recorded under the RASS, FASS and PASS will again most likely generate a High Performer designation for the Authority.

The PHAS Certification is required to be submitted to HUD electronically by August 29, 2006.

FINANCIAL IMPACT

The signing and submission of the certification has no immediate financial impact. However, there remain long-term financial impacts in that HUD uses this information to award competitive funding under its various programs, including programs that the Authority is current operating and plans to participate in at a future time. Housing Authorities designated as Higher Performers, based on their PHAS score, are eligible to receive bonus funds from HUD. Locally, if the Housing Authority achieves High Performer status, it could possibly translate into approximately \$50,000 additional funds, if HUD decides to award these funds.
