CITY OF OXNARD
CONFLICT OF INTEREST STANDARDS

Section 1. Incorporation by Reference.

The definitions contained in the Political Reform Act of 1974 (Government Code Section 81000, et seq.) ("the Act"), the regulations of the Fair Political Practices Commission ("FPPC") implementing the Act (2 Cal. Code of Regs. Section 18100 et seq. and in particular Section 18730) ("Regulations"), and any amendments to the Act or Regulations, are hereby incorporated by reference into these Conflict of Interest Standards ("Standards").

Section 2. Designated Persons.

(A) The persons holding classifications listed in Appendix I are designated persons for purposes of these Standards. The City Council has determined that these persons make or participate in the making of decisions which may foreseeably have a material effect on their financial interests.

(B) Any consultant deemed to be a public official under the Act shall be a designated person within Disclosure Category I unless another category is determined to be appropriate by the City Attorney.

Section 3. Disclosure Categories.

(A) These Standards do not establish any disclosure obligation for those designated persons who are also specified in Government Code Section 87200 if they are designated in these Standards in that same capacity or if the geographical jurisdiction of the City is the same as or is wholly included within the jurisdiction in which those persons must report their financial interests pursuant to Government Code Sections 87200 et seq. Such persons are covered by these Standards for disqualification purposes only.

(B) With respect to all other designated persons, the disclosure categories set forth in Appendix II specify which kinds of financial interests are reportable. Such a designated person shall disclose in his or her Statement of Economic Interests those financial interests he or she has which are of the kind described in the disclosure categories to which he or she is assigned in Appendix I. The City Council has determined that the financial interests set forth in a designated person's disclosure categories are the kinds of financial interests which he or she foreseeably may affect materially through the conduct of the duties of his or her office and/or classification.

Section 4. Statements of Economic Interest:
Place of Filing.

All designated persons required to file Statements of Economic Interests shall file their Statements with the City Clerk. Upon receipt of the Statements of Economic Interests, the City Clerk shall file the Statements in the City Clerk's records except for City Councilmembers and Planning Commissioners, the Mayor, City Manager, City Attorney and City Treasurer, as to whom the City Clerk shall file the originals of these Statements with the FPPC and a copy in the City Clerk's records. Such latter Statements shall be forwarded to the FPPC within five days after the filing deadline or five days after receipt in the case of Statements filed late.

Section 5. Statements of Economic Interests:
Time of Filing.

(A) Assuming Office Statements. All persons assuming designated classifications after the effective date of these Standards shall file Statements of Economic Interests within thirty days after assuming the designated classifications.

(B) Initial Statements. All persons already in a position that is added to these Standards as a designated classification shall file Statements of Economic Interests within thirty days after the date that the classification is so added.

(C) Annual Statements. All designated persons shall file Statements of Economic Interests no later than April 1 of each year.

(D) Leaving Office Statement. All persons who leave designated classifications shall file Statements of Economic Interests within thirty days after leaving the designated classification.

Section 6. Contents of and Period Covered by Statements of Economic Interests.

(A) Contents of Assuming Office Statements. Assuming Office Statements shall disclose any reportable investments, interests in real property and business positions held by the person on the date of assuming office, and income received by the person during the twelve months before assuming office.

(B) Contents of Initial Statements. Initial Statements shall disclose any reportable investments, interests in real property and business positions held by the person on the date that his or her position was added to these Standards as a designated classification, and income received by the person during the twelve months before such date.

(C) Contents of Annual Statements. Annual Statements of Economic Interests shall disclose any reportable investments, interests in real property, income and business positions held or received by the person during the previous calendar year; provided, however, that the period covered by a person's first annual Statement shall begin on the date of assuming office.

(D) Contents of Leaving Office Statements. Leaving Office Statements shall disclose reportable investments, interests in real property, income and business positions held or received by the person during the period between the closing date of the last Statement filed and the date of leaving a designated classification.

Section 7. Manner of Reporting.

Statements of Economic Interests shall be submitted on forms prescribed by the FPPC and supplied by the City Clerk.

Section 8. Prohibition on Receipt of Honoraria.

(A) No designated person shall accept any honorarium, as defined in section 89501 of the Government Code.

(B) This section shall not limit or prohibit payments, advances or reimbursements for travel and related lodging and subsistence authorized by section 89506 of the Government Code.

Section 9. Prohibition on Receipt of Gifts.

No designated person shall accept any gifts with a total value of more than \$250 in a calendar year from any single source. Subdivision (f) of section 89503 of the Government Code shall apply to this section.

Section 10. Disqualification.

(A) No designated person shall make, participate in making, or in any way attempt to use his or her official position to influence the making of any governmental decision which he or she has a financial interest, as defined in Section 87103 of the Government Code, which it is reasonably foreseeable may be affected materially by the decision.

(B) No designated person shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the decision to be made. The fact that the vote of a designated person who is on a voting body is needed to break a tie does not make his or her participation legally required for purposes of this Section.

Section 11. Manner of Disqualification.

When a designated person determines that he or she should not make a governmental decision because he or she has a disqualifying financial interest in the decision, the determination not to act must be accompanied by disclosure of the financial interest. In the case of a voting body, this determination and disclosure shall be made part of the official record of that body. In the case of a designated person who is a department head, this determination and disclosure shall be made in writing to his or her appointing authority. In the case of other designated persons, this determination and disclosure shall be made in writing to the person's supervisor.

Section 12. Guidelines.

(A) Purpose. The Guidelines in this Section are in addition to those required by the Act and Regulations and are for the purpose of providing guidance to persons to avoid situations involving an actual or apparent violation of the Act, the Regulations, these Standards or other laws.

(B) General Conduct. City officials and employees are expected to perform their duties in the best interests of the public rather than their own private interests. Public and private interests may conflict or coincide. In either case, the conduct expected of an official or an employee should include full disclosure of the private interest and possibly refraining from participating in the matter, depending upon the nature of the private interest. A frank and realistic identification of private interests which may be affected by a public decision is essential to the integrity of the process. Whether action such as disclosure and abstention is required once an interest has been identified is a matter of judgment when the Act, Regulations or these Standards do not require disclosure and/or abstention. City officials or employees should not timidly refrain from exercising their duties because of every remote or imagined conflict or effect on their private interests but should withdraw when their interest is substantial.

Section 13. Assistance of the FPPC and City Attorney.

Any designated person who is unsure of his or her duties under these Standards may request assistance from the FPPC or from the City Attorney.

Section 14. Violations.

These Standards have the force and the effect of law. Designated persons violating any provision of these Standards are subject to the administrative, criminal and civil sanctions provided in the Act and Regulations. In addition, a decision in relation to which a violation of the disqualification provisions of these Standards, the Act, or the Regulations has occurred may be set aside as void pursuant to Government Code Section 91003.
