SUBJECT: Agreement with Kemira Water Solutions, Inc. for Chemical Supply and Delivery of Ferric Chloride to the Wastewater Treatment Plant.

RECOMMENDATION

That City Council approve and authorize the Mayor to execute the agreement with Kemira Water Solutions, Inc. in the amount of \$329,840 for chemical supply and delivery of ferric chloride to the Wastewater Treatment Plant (WWTP) (Agreement No. A-6990).

DISCUSSION

The City's Finance Department, Purchasing Division and Water Resources Division prepared a competitive Request for Bid for three treatment chemicals, ferric chloride SG (FeCl₃), sodium hypochlorite (NaOCl) and sodium bisulfite (NaHSO₃), and distributed it to the five regional treatment chemical supply companies. Two of the five responded with bids for ferric chloride. Kemira was the lowest bidder for the supply and delivery of ferric chloride and the department recommends that the City award them the contract. Staff is currently reviewing the proposals for the other two chemicals and will bring them to Council in the near future.

Ferric chloride is an essential chemical used in the City's WWTP, in order to comply with air quality regulations. It has two primary uses in the treatment plant: 1) odor control by adding it to the incoming sewage, and 2) hydrogen sulfide (H₂S) gas control by adding it upstream of the digesters. The Ventura County Air Pollution Control District (APCD) requires H₂S levels to be below 100 parts per million in digester gas that will be used at the co-generation facility.

Ferric chloride is received in bulk shipments and stored in two 10,000 gallon tanks at the treatment plant. From there it is added to the incoming sewage through metering pumps.

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number.

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that you use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the attached.
