**DATE:** February 19, 2009  
**TO:** City Council  
**FROM:** John Crombach, Chief of Police JCrombach  
**SUBJECT:** Securitas Central Business District Security Contract, Third Amendment

**RECOMMENDATION**

That City Council approve and authorize the Mayor to execute a one year extension to the Agreement (3557-05 PD) for security services with Securitas Security Services USA, Inc. in the amount of approximately \$347,502, with an option to exercise two additional one year extensions, for a total value of approximately \$1,042,506 to continue security services in the Central Business District.

**DISCUSSION**

In 2005, City Council approved the trade services agreement between Securitas Security Services USA, Inc. to provide security services to the newly renovated Central Business District. This vendor was selected based upon its presence and breadth of experience in working with business improvement districts throughout Southern California. These security services supplemented an increased police presence downtown. This combination of private security and Oxnard Police Department community oriented policing and problem-solving has proven successful.

The security services provided by Securitas Security Services USA, Inc. include foot and bike patrols. Security officers also act as "ambassadors" to the business community and those persons patronizing Central Business District establishments. These security officers also assist police officers with Crime Free Business surveys and the Oxnard Downtown Management District with varied tasks including distributing information business-to-business. Securitas officers use a short wand to touch magnetic chips that have been positioned throughout the Central Business District tagging where they have been. This Tour Confirmation System ensures that security officers are making their rounds. The police beat coordinator reports that Securitas Security Services USA, Inc. has provided additional "eyes and ears proving to be an excellent resource" for the law enforcement efforts downtown.

The First Amendment to the Agreement expanded security services to include Campus Park while extending the contract. With the demolition of structures at Campus Park nearing completion there is no longer a need to continue security services there. The Second Amendment to the Agreement

**FINANCIAL IMPACT**

The projected cost of the Agreement is approximately \$347,502 annually. This agreement is paid for through the General Fund and the Oxnard Downtown Management District.
