SUBJECT: First Amendment to Agreement with Oxnard Harvest Company for Stormwater Drainage Channel Cleaning and Landscape Maintenance

RECOMMENDATION

That City Council approve and authorize the Mayor to execute the First Amendment to the Agreement for Trade Services with Oxnard Harvest Company to increase the amount by \$250,000 for a total of \$500,000 for stormwater drainage channel cleaning and landscape maintenance (Agreement No. 4517-08-PW) and extend the contract expiration date to June 30, 2010.

DISCUSSION

On July 7, 2008, the City distributed a Request for Bid package to four local firms for skilled labor personnel to perform the following duties associated with the Wastewater and Stormwater Quality Programs of the Public Works Department Water Resources Division, including but not limited to: cleaning stormwater drainage channels and structures at various locations throughout the City, and landscape maintenance and general site cleanup at the Wastewater Treatment Plant. Oxnard Harvest Company was the only firm to submit a bid by the closing date of July 14, 2008. Therefore, the City awarded the agreement to Oxnard Harvest Company.

The California Regional Water Quality Control Board (CRWQCB) has issued a Stormwater Quality National Pollutant Discharge Elimination System (NPDES) permit to the Ventura County Watershed Protection District, the County of Ventura and the ten cities in Ventura County, including the City of Oxnard. The NPDES permit regulates discharges to storm drainage systems and prescribes numerous best management practices activities. One of the required activities that the City must comply with is the regular inspection and cleaning of storm drainage inlets and channels. Failure to satisfactorily perform the required activities can result in CRWQCB fines of up to \$10,000 per day. The primary activity that Oxnard Harvest Company will perform under this agreement will be the required cleaning of the City's storm drainage system's open concrete channels, earthen ditches, and other associated structures.

Additionally, the CRWQCB has issued a Wastewater Treatment NPDES permit to the City for the ongoing operation of the City's Wastewater Treatment Plant. One of the required activities that the City

must comply with is the regular cleaning of the plant site and its on-site drainage system, in order to prevent runoff of any contaminants. Oxnard Harvest Company will perform this work, as well as some landscape maintenance at the Wastewater Treatment Plant.

FINANCIAL IMPACT

The estimated cost for services in the First Amendment is not to exceed \$250,000 and will increase the total cost of the contract from \$250,000 to \$500,000. Funding for the contract cost will be budgeted for FY 2009-10 in the Wastewater Treatment Fund 621 and Wastewater Collection Fund 611 as follows: \$125,000 from Account No. 611-6102 (50%), \$62,500 from Account No. 611-6107 (25%), and \$62,500 from Account No. 621-6205 (25%).
