**DATE:** August 24, 2009

**TO:** City Council

**FROM:** Michael Henderson, General Services Superintendent  
City Manager's Department 

**SUBJECT:** GS09-14 Colonia Park Play Structure Replacement

**RECOMMENDATION**

That City Council approve Project Specification GS09-14 for the Colonia Park Play Structure Replacement.

**DISCUSSION**

The current play structure equipment and surrounding surfaces do not meet current code standards and are in need of replacement. The surrounding pavement surfaces will be removed and replaced to meet the current ADA Standards, and new play structure equipment will meet the current code standards for play equipment. The structure will have an air theme consisting of a playshaper for ages 2-5 that include custom panels, roof details and stealth bomber climber, in the ages 5-12 will have a playbooster that include custom roof details and jet climber. This enhancement will add to the beatification of the park and provide enjoyment to the local residence.

**FINANCIAL IMPACT**

Sufficient funds are available in CDBG account #285-5736-826-8605 (095704).
