SUBJECT: Campus Park Rehabilitation Project Phase IIB GS09-13

RECOMMENDATION

That City Council approve Project Specification GS09-13 for the Campus Park Rehabilitation Project Phase IIB, located at 309 South K Street, and authorize staff to solicit bids for the project.

DISCUSSION

The Campus Park Rehabilitation Project Phase IIB will consist of replacing the gymnasium wood floor which is over 50 years old, adding new bleachers on the south side, enhancing the interior lobby entries, upgrading access to the exterior entries to meet the standards of the Americans with Disabilities Act (ADA), demolishing the interior of the existing locker room wings, and adding a new public address system.

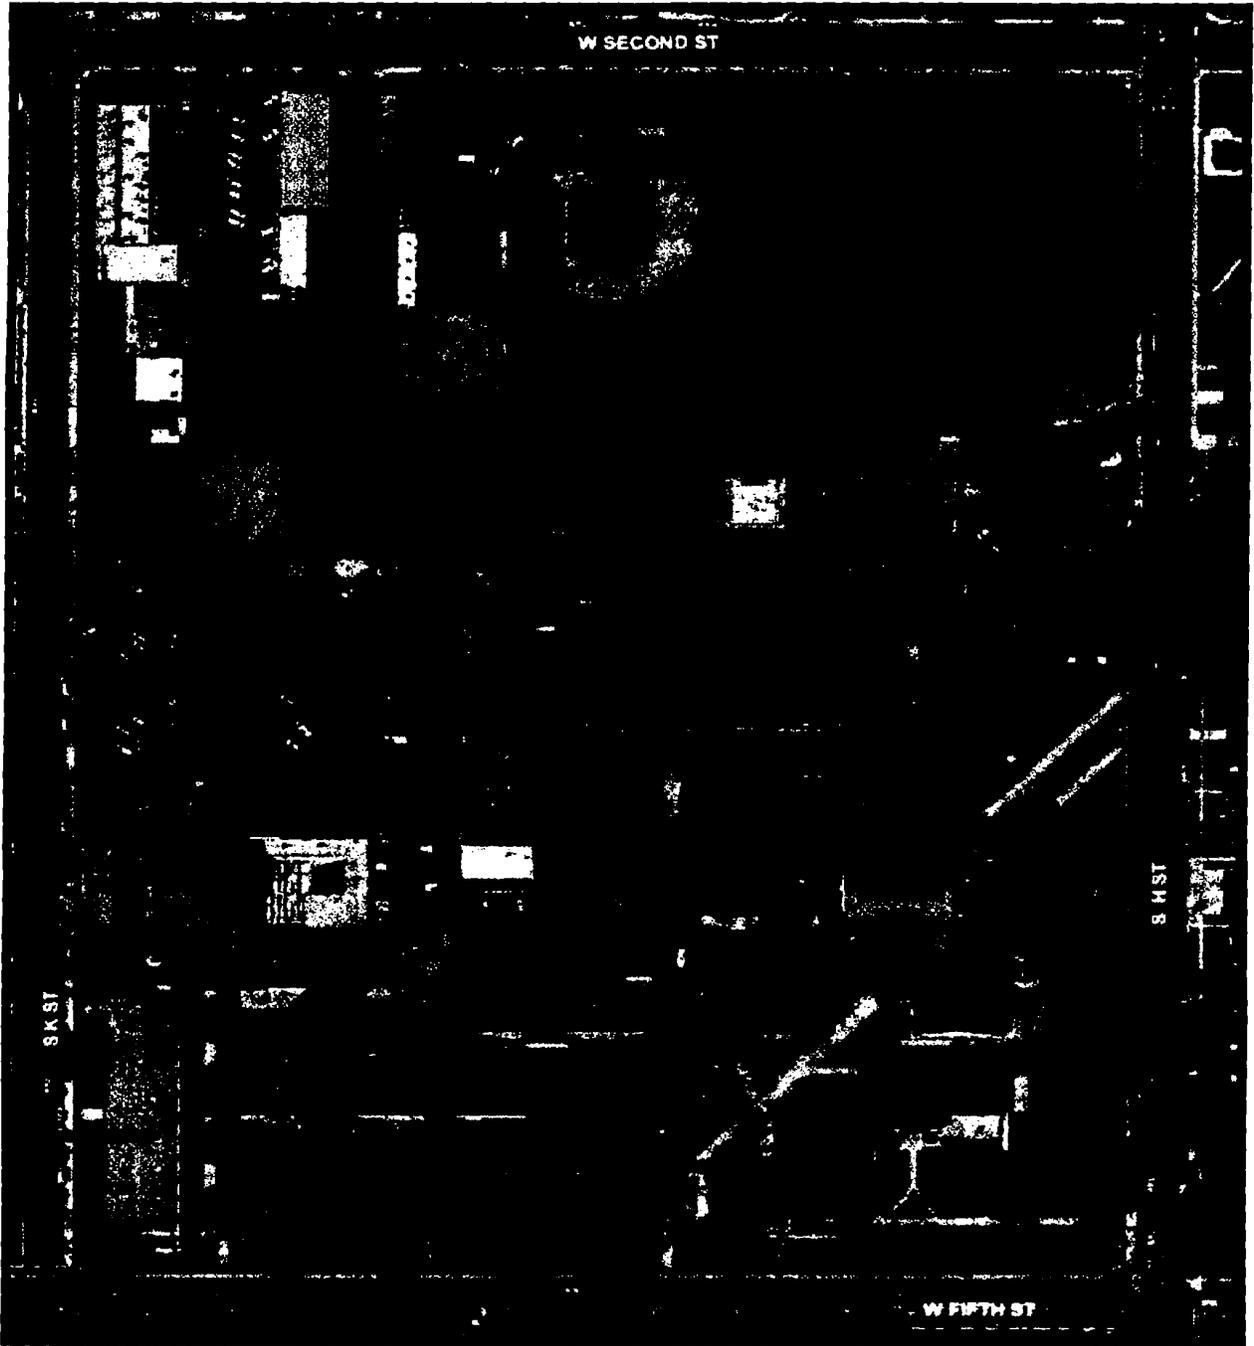

The base bid improvements for this project will enhance the aging gymnasium complex. If the City receives favorable bids, the project may also add alternatives such as window replacement for the locker room wings, door replacement around the gymnasium, reconfiguration of the north and south entries, and landscaping and irrigation around the entire complex.

FINANCIAL IMPACT

Funding for this project is provided by the CDBG Entitlement account number 285-7465-826-8605, project number 047401. Sufficient funding is available for the project with the adoption of the FY10-11 Budget.
