BACKGROUND
The Edward Byrne Memorial Justice Assistance Grant (JAG) Program is the primary provider of federal criminal justice funding to state and local jurisdictions. JAG funded projects may address crime through the provision of services directly to individuals and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures. A recent JAG funding allocation list provided by the Bureau of Justice Assistance (BJA) announced that the combined award amounts for agencies within Ventura County totals $112,635. Of this amount, the City of Oxnard is eligible to receive an award of $57,038. Matching fund is not required.

BJA requires that a joint application be submitted by agencies within Ventura County. The City of Oxnard, whose award amount is 51% of the overall JAG award eligibility among Ventura County and its cities, will serve as the grant's lead agency. The lead agency will submit the application on behalf of all parties, and will receive the award and then disburse it to other grantees within Ventura County. The City of Oxnard intends to reallocate five percent (5%), or $5,632 of the total countywide award eligibility to the City of Oxnard for costs related to administering the grant.

Of the $112,635 in countywide JAG funding, the awards will be distributed as follows:

Total Allocation $112,635

Budget Narrative

The Ventura County agencies are requesting grant funding for the following items, described by category:

**Supplies**

Oxnard: Nine (9) portable radios $30,000

The Oxnard Police Department is in the process of replacing aging radios that are no longer in production and cannot be repaired. The replacement radios are costly and only a few radios are able to be purchased each fiscal year. Grant funding will allow the department to deploy additional radios to patrol officers, increasing FCC compliance and safe, reliable communication.

Thousand Oaks: Two (2) Opticom traffic control GPS units $6,481

The Opticom system, developed by Global Traffic Technologies, uses GPS and infrared systems to provide safe and controlled passage of emergency vehicles through signalized intersections using externally developed components.

One (1) radar and accessories $2,678

A radar will allow uniformed patrol deputies to enforce speed limits.

Two (2) privacy shields for crime scenes $1,373

Privacy screens are portable and easy to set-up and take down. The screens will be used to protect the integrity of a major/fatal traffic collision or crime scene.

Two (2) GPS navigators $213
GPS navigators will be used by deputies, SSTs and Cadets to locate addresses and collision scenes safely and efficiently with a reasonable response time.

San Buenaventura:  
- Fifteen (15) body-worn camera systems $6,600
- Fifteen (15) belt clips/holsters for BWC $525
- Two (2) evidence.com docks $2,990
- Two (2) dock wall mounts $70

In 2015, Ventura Police Department (VPD) implemented a body worn camera policy for the entire police force. Currently 127 officers have their own camera assigned to them. The VPD typically makes in excess of 5,000 arrests and conducts thousands of other enforcement activities each year. Each of these incidents will require evident in the form of video that must be included as part of the District Attorney’s Office review. By programming each camera to an individual officer, individual accountability and the tagging of videos will be greatly enhanced. At the conclusion of each shift the camera will be placed in a docking station that will upload all evidence while simultaneously charging the cameras to the full extent. This will allow each camera to be fully charged by the time the officer returns for their next shift. VPD is expected to hire an additional 12 Officers over the next year. Purchasing 15 cameras and accessories will allow for the outfitting of the new officers and replacement of broken cameras and extras for training.

Ventura County:  
- Two (2) night vision goggles $8,906
- Two (2) ATN Corp, clip on power supply $346

Deputies assigned to West County Patrol Stations have a diverse geographical area to patrol. Their regular beat assignments include rugged mountainous back-country, expansive open farm-land, and sandy beaches fronting the Pacific Ocean. Each of these areas experience specific public safety needs that are difficult to meet using conventional methods (patrol car, foot patrol). Hundreds of hikers, backpackers, and motorcyclists are injured or lost in the Ventura County back county each year. The open farmlands experience high motor vehicle theft, grand theft, and injurious assaults monthly. The beaches have been prime landing areas for panga boats involved in illicit drug and human trafficking crimes. The purchase of night vision goggles would enhance the deputies’ abilities to find the lost, preempt the farmland crime, and intercede in panga boat operations by giving them the equipment needed in extreme low light to no light conditions. This equipment enhances the public’s safety and aids in crime prevention, apprehension and prosecution.

One (1) Pistol locker $861

Deputies require a secure location to lock their duty weapons while interviewing and processing arrested persons. Doing so prevents arrested persons from disarming the deputy and using the weapon to harm others or themselves. The installation of compact lockers near the processing/interview area will allow deputies to safely secure their weapons while in close quarters with an arrested person, and also provide a place to secure an arrested person’s personal property (cell phone, wallet, keys, purse) until booking at a the jail facility.
Other

Oxnard: Crime Analytics Software $24,186

The Advanced Crime Analytics software is a powerful investigatory analytics tool for investigators that helps prevent and solve crime faster by rapidly revealing actionable intelligence hidden in data. This joint project is part of a regionalized approach to Intelligence-Led Policing that will have all county law enforcement agencies working together towards preventing and solving a wide range of crimes.

San Buenaventura: Twelve (12) Evidence.com Storage Plan $8,427
Twelve (12) Evidence.com licenses $2,880

The purchase of BWC requires a license and data storage.

Simi Valley: Off-road motorcycle $10,400

The Simi Valley Police Department proposes that the funding be directed towards the addition of an off-road motorcycle to supplement the off-road search and response team. The Police Department currently has two off-road motorcycles that are used several times per month to attempt to locate lost or stranded hikers, or other people who have taken to the hills that surround Simi Valley and need emergency help.

The off-road team bikes are equipped with AED lifesaving devices in order to aid the injured when located. During recent searches, it would have cut down the response time to have had the ability to deploy a third officer on an off-road motorcycle which would have expanded the search capability of the team. In addition to search and rescue type operations, the off-road team helps manage the attendance and fireworks enforcement associated with the July 4th yearly extravaganza; as well as to curb the illegal off-road activity within the City. We have had one fatality collision occur due to illegal off-road vehicles in the City and another officer would enhance our enforcement efforts. With the support of the JAG Grant funding, the Police Department would like to bolster and better support the current capability of the off-road team. The addition of this critical piece of equipment will allow the Police Department to better respond to emergencies beyond the capability of our normal patrol fleet, improve the quality of service rendered to the community and curtail illegal activity in the hills surrounding the City.

Administrative Fee

The City of Oxnard shall receive 5% ($5,632) of the total award amount to cover costs in administering the grant during the grant period. The fee is an allowable cost per the grant application. The rate charged is half the allowable rate of 10%. The City of Oxnard charges the 5% fee to all agencies to help cover the cost of Amy Van Atta, Grants Specialist II, of Oxnard Police Department. Ms. Van Atta assists
agencies with the application process, any budget modifications required, quarterly reporting and the processing of claims. The 5% only represents a fraction of the actual time spent on the JAG grant management. The agencies involved do not have a dedicated grants person and find the 5% fee to be of great value to the successful expenditure of grant funds.
The Oxnard Police Department is not currently designated high risk by another federal grant making agency.
A public notice was published in Vida on May 26, 2016 to announce the opportunity to comment on this grant application. Copies of the grant application were made available for public review on the City of Oxnard’s website: www.oxnard.org and hardcopies were made available at the Oxnard Police Department on May 30, 2016. The grant application was made available to the public and was heard before the Oxnard City Council on Tuesday, June 21, 2016.
The City of Oxnard and the following Ventura County agencies: County of Ventura; cities of: Oxnard, San Buenaventura, Simi Valley and Thousand Oaks do not have pending applications submitted within the last 12 months for federally funded assistance that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative, and worksheet in the application under this solicitation.

PUBLIC NOTICE
2016 JUSTICE ASSISTANCE GRANT (JAG) PROGRAM

The Oxnard Police Department is requesting public comment from all Oxnard residents on its application for funding under the U.S. Department of Justice 2016 Edward Byrne Memorial Justice Assistance Local Solicitation Grant (JAG) Program. The JAG Program is the primary provider of federal criminal justice funding to state and local jurisdictions. The JAG Program provides states and units of local governments with critical funding necessary to support a range of program areas including law enforcement, prosecution and court programs, prevention and education programs, corrections and community corrections, drug treatment and enforcement, crime victim and witness initiatives, and planning, evaluation, and technology improvement programs.

Edward Byrne Memorial Justice Assistance Grant Formula Program ("JAG"): FY 2016 Local Solicitation

This Agreement ("Agreement") is made and entered into on this 1st day of June, 2016, in the State of California, County of Ventura, by and between the City of Oxnard ("Oxnard"), on one hand; and on the other hand: the County of Ventura ("County"), and the Cities of San Buenaventura, Simi Valley, and Thousand Oaks all entities within the County of Ventura, California.

WHEREAS, each party to this Agreement, in performing governmental functions or in paying for the performance of governmental functions hereunder, shall make that performance or those payments from current revenues legally available to that party; and

WHEREAS, each party to this Agreement finds that the performance of this Agreement is in the best interest of all parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under the Agreement; and

WHEREAS, all parties to this Agreement believe it to be in their best interests to procure JAG funds.

NOW THEREFORE, the parties entering into this Agreement stipulate/agree as follows:

Section 1.
All parties stipulate that Oxnard shall serve as the lead agency for this grant project. The lead agency shall serve as the fiscal agent for this grant and will submit a joint application on behalf of the parties to this Agreement. Oxnard shall assume the role of coordinating the application and administration of the grant.

Section 2.
The JAG allocation list is established by the Bureau of Justice Assistance (BJA) and indicates the amount for which each unit of local government is eligible to apply. The amounts prescribed in this allocation list shall be referred to hereinafter as agency "Base Award Eligibility". The Base Award Eligibility figures are listed in the table in Section 3, below.

Oxnard shall apply a fee of five percent (5%) to each agency's Base Award Eligibility. This percentage shall be applied to costs related to administering the grant during its four year reporting period. Section 10.
All parties to this Agreement shall provide financial reporting documentation, as prescribed in the terms of the JAG grant, to Oxnard in a timely manner.

All parties to this Agreement must certify that they will satisfy the reporting requirement, which requires detailed reporting (including reporting on sub-awards) not later than ten calendar days after the end of each calendar quarter. In order for the lead agency (Oxnard) to meet this demand, all parties must submit their quarterly reports to Oxnard within four days after the end of each calendar quarter beginning October of 2015.

Section 11.
Nothing in the performance of this Agreement shall impose any liability for claims against Oxnard other than claims for which liability may be imposed by the California Tort Claims Act.
