• Oxnard College allows Special Education students at Channel Islands High School (CIHS) to participate in offerings at the Educational Assistance Center (EAC) at Oxnard College across Rose Avenue.

• Approximately 130 students are enrolled in the Special Education program at CIHS, and almost all are enrolled with the EAC.

• Students are required to cross Rose Avenue throughout the school day, with the nearest signalized crossing located at Raiders Way and Rose Avenue, about 1,300 feet north of Gary Drive.
• Staff at CIHS have expressed concerns regarding students crossing Rose Avenue.
  • CIHS staff are concerned about high speeds on Rose Avenue.
  • CIHS staff are concerned about the distance to the nearest signalized crossing.
• Students have been observed being driven from CIHS to Oxnard College to avoid walking across Rose Avenue.
City Staff applied for and received a grant through the Active Transportation Program (ATP) to install a traffic signal at the intersection of Rose Avenue and Gary Drive.

- Includes crosswalks on all four legs of the intersection.
- Includes intersection safety lighting.
- Includes left-turn phasing on Rose Avenue.
The City received a total grant amount of $567,000:

</tbody>
</table>

The City will be recognizing the first $15,000 in grant money, with a $2,000 local match, for a total of $17,000 for the design phase.

- The design phase is scheduled to be completed in June 2018.
- Staff will return to council for recognition of the grant money for construction at a later date.
• That City Council:

1. Authorize the City Manager or designee to recognize State grant revenue and appropriate funds in the total amount of $17,000 (grant and match) to implement the Rose Avenue and Gary Drive New Traffic Signal project.

2. Recognize grant award of for the design phase in the amount of $15,000 and approve a match of $2,000 to the Rose Avenue and Gary Drive New Traffic Signal Project No. 183104.
