DATE: July 12, 2016

TO: City Council

THROUGH: Greg Nyhoff, City Manager
Office of the City Manager

FROM: Daniel Rydberg, Public Works Director

SUBJECT: Approval of Lowest Responsible Responsive Bid and Authorization to Issue and Execute a Contract (A-7886) for GS16-02-Eastwood Park Improvements Project

CONTACT: Ralph Alamillo, Public Works
Ralph.Alamillo@oxnard.org, 385-8341

RECOMMENDATION:

That City Council award contract A-7886 to the lowest responsible and responsive bidder, Unlimited Engineering Contracting in the amount of $128,500.00 for the Eastwood Park Improvements Project, and authorize the purchasing agent to execute the contract upon receipt of final documents.

BACKGROUND

On July 9, 2015, the restroom building at Eastwood Park was vandalized and set on fire. The vandalism and fire affected the structural integrity of the roof of the restroom. As a precaution, the City closed the restroom building and it has remained closed pending award of this contract. In order to increase security and to minimize the opportunity for future vandalism, the City will be adding lighting to Eastwood Park as part of this contract. Finally, the current Eastwood Park sign is not up to current City Parks standards and this contract will also involve the replacement of the existing Eastwood Park sign with a new sign that meets the new City Parks standard.

On December 15, 2015, City Council approved project plans and specifications and authorized staff to conduct a public bid. The first advertisement for the public bid was on March 17, 2016 and the second was on March 24, 2016. The public bid process started March 21, 2016 and closed with a public bid opening on April 20, 2016. City Procurement received four bids as
The department staff decided to delete the tree work alternate and award the base bid of $128,500 to Unlimited Engineering Contracting, Inc. and the Contract Compliance Review Committee has agreed with the award of this contract following procurement staff review of all documentation received including checks of required license and registration with State DIR per SB854; Occupational Safety & Health Administration (OSHA) website; records for debarment; and any labor compliance issues. Even though the material and labor costs for the electrical work was higher than the Engineer’s Estimate, the bid received from Unlimited Engineering Contracting has been found to be a responsible and responsive bid and only about eight percent above the estimate.

SUBJECT: Approval of Plans and Specifications for GS16-02 Eastwood Park Improvements Project

CONTACT: Michael Henderson, General Services Manager
          Michael.henderson@ci.oxnard.ca.us, 385-7950

RECOMMENDATION

That City Council approve plans and specifications for Project Specification No. GS16-02 Eastwood Park Improvements for the reconstruction of the burnt out roof of the restroom building at Eastwood Park; lighting improvements at Eastwood Park; replacement of a monument sign at Eastwood Park; and authorize staff to conduct a public bid for this project.

DISCUSSION

On July 9, 2015, the restroom building at Eastwood Park was vandalized and set on fire. The vandalism and fire affected the structural integrity of the roof of the restroom and as a precaution, the City closed the restroom building. It has remained closed pending this project approval. In order to increase security and to minimize the opportunity for future vandalism, the City will be adding lighting to Eastwood Park as part of this project proposal. Finally, the current Eastwood Park sign is not up to current City Parks standards. This proposed project will also involve the replacement of the existing Eastwood Park sign with a new sign that meets the new City Parks standard.

Note: Copy of Project Specification No. GS16-02 and plans are available for review at the Contract Procurement Office, 1060 Pacific Avenue, Bldg. 2, Oxnard after 8:00 a.m. on Monday, December 7th.

FINANCIAL IMPACT

Sufficient funds exist in the Quimby Reserve Fund—Project 135715—to cover the project upon Council approval.
